

PROBE IN RAIL SITUATION BEGINS IN WASHINGTON

Chairman of Southern Pacific Directors Is First Witness Examined by Committee.

CUMMINS READS RESOLUTION
Declares Expenses, Consuming Around 65 Per Cent of Railroad Receipts, Require More Than 90 Per Cent of Revenues for Year.

[By Associated Press.]
WASHINGTON, May 16.—Senate investigators, charged with the duty of finding an answer to the question of what is the trouble with American railroads, began work today and heard as the first witness Julius Kruttschnitt, chairman of the board of the Southern Pacific Railroad, whose statement was unfinished when the session was adjourned.

Chairman Cummins, of the Senate Interstate Commerce Committee, read the resolution authorizing the inquiry before a crowded hall, the capacity of one of the largest Senate auditoriums, and included higher officials of many trunk line railroads.

Reads Consolidated Earnings.
Reading of the country's railroads for the last eight years, each showing a progressive increase in the expense proportion, Chairman Cummins said that the "gravity of the situation" has become apparent, if our national transportation industry has become permanently an unprofitable business.

Operating expenses, consuming normally around 65 per cent of railroad receipts, he said, consumed more than 90 per cent of the revenues for the year ending March 1, last, though the gross receipts of \$6,175,000,000 that year were the largest on record, and could never be made larger, in his opinion, by higher rates on the same volume of traffic. The committee, he said, would therefore seek to determine whether these revenues have been efficiently wisely and properly expended, since we must look to reduced expenditures for relief, if we cannot hope to raise revenues higher.

Prompt With Answers.
Mr. Kruttschnitt was prompt with one answer as to the cause of disappearing earnings.

Since the passage of the Adamson law in 1916, he said, "the labor costs of railroad operation have been increased by government operation \$2,238,000,000 annually."

Throughout the course of the discussion which followed, Mr. Kruttschnitt emphasized his conclusion that a reduction of labor charges, which he said showed "abnormal" increases was the only method of increasing net earnings.

COLEMAN GETS SIX MONTHS

A jury in Hastings Court yesterday gave W. H. Coleman three months in jail on two counts for passing worthless checks on the Atlantic and Potomac Tea Company.

LARGE AUDIENCE SEES "SHADOW OF FOUNDER"
A well-filled auditorium greeted the University of Virginia film, "The Shadow of the Founder," when it was shown publicly for the first time last night in John Marshall High School.

Every seat in the room was filled, and the picture met with an enthusiastic reception. It was shown for the purpose of stimulating interest in the centennial endowment fund being raised by the university.

The film showed the development of the university from the beginning down to the present day. How the ideas of the founder, Thomas Jefferson, regarding political, religious and educational freedom have become the purpose of the institution were shown in the picture.

Here's what a Richmond, Va., man has to say about VEENOLAK:
"Words do not properly describe what VEENOLAK has done for me. I had been a sufferer from loss of sleep. At night I would toss and toss. It seemed that I was going to sleep, but I would wake up in the morning, through sheer exhaustion, I managed to get in a few hours of sleep, but it was a troubled sleep and I did not count on it."

"I just sort of felt that the whole trouble came from a disordered stomach, because it seemed to be your all time. I belched gas and my breath was very unpleasant. I ran into a bottle of VEENOLAK which had been in the same condition as I was—so, I took a bottle—then another. You can just say for me that I am highly pleased with VEENOLAK results. Me for VEENOLAK every time."

VEENOLAK is sold by Truett Drug Co., Richmond, Va.—Adv.

BLACKHEADS GO QUICK BY THIS SIMPLE METHOD

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body are quick by a simple method that just dissolves them. To do this get about two ounces of calomel powder from your druggist. Sprinkle a little on a hot, wet sponge and rub over the blackheads briskly for a few seconds and wash off. You will wonder where the blackheads have gone. The calomel powder and the hot water have just dissolved them. Pinching and squeezing blackheads only open the pores of the skin and leave them open and unsightly and unless the blackheads are big and soft they will not come out, while the simple application of calomel powder and water dissolves them right out, leaving the skin soft and the pores in their natural condition. You can get calomel powder at any drug store, and if you are troubled with these unsightly blemishes, you should certainly try this simple method.—Adv.

NUXATED IRON
Helps make rich, red blood and revitalizes weak nerves

WEAK NERVES AND THIN BLOOD
RUIN HEALTH OF THOSE WHO SUFFER WITHOUT THEIR EVER SUSPECTING THE REAL CAUSE OF THEIR TROUBLE—IRON STARVATION

An enormous number of people who ought to be strong, vigorous and in the prime of life are constantly complaining of weak nerves, headaches, pains across the back, disturbed digestion, shortness of breath, palpitation of the heart, a general "run-down" condition, melancholy, bad memory, etc., all as a result of iron starvation of the blood.

There are 30,000,000,000 red blood corpuscles in your blood, and each one must have iron. Without iron your blood also loses its power to change food into living cells and tissue, and nothing you eat does you the proper amount of good— you do not get the full strength out of it, and, as a consequence, you become greatly weakened in body and mind.

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Over 100,000,000 people annually are using Nuxated Iron. It will not injure the stomach, it does not irritate the bowels, it is like the iron in spinach, lentils, and apples, and not metallic iron, which people usually "take." Your money will be refunded by the manufacturer if you do not obtain satisfactory results. Beware of substitutes. Look for the name "Nuxated" on every package and the letters "N. I." on every tablet. Sold by all druggists.—Adv.

Dalys TONIC
Brings you back

to where nature intended you to be. Thousands of people suffer year in and year out with chronic ailments that they should have gotten rid of long ago. Sometimes they use tonics that make them feel better for the time being, but after their systems get thoroughly saturated with that one particular tonic, it acts just like so many spoonfuls of sugar in coffee. The first 1 or 2 spoonfuls will sweeten it, but if you add 5 or 6 more, the coffee becomes super-saturated; in other words, it won't be any sweeter than it was with 3 or 4. This little rule of chemistry applies when you super-saturate your system with a tonic that loses effectiveness after a time. On the other hand, consider Dalys Tonic. It improves your health by daily use. It creates strengthening iron for your blood and contributes hypophosphates and other ingredients needed to tone your stomach and nerves. And it does all this in a way so that when you're through with Dalys tonics, you're through with all tonics.
